

BREEZE is part of the Accuro-Korle range of radiators, brought to you by ASAL UK Limited.

Defining sleek elegance, combined with superb engineering, the Breeze is perfectly suited to a number of different situations. Standing at 47.2cms high X 200cms in width, and an impressively slim 4cms depth, the Breeze is also the ideal radiator for a narrow hall.

Finished in beautiful stainless steel; a material which retains heat more efficiently than chrome or cast iron. This revolutionary material also means that rust, both inside and outside the radiator is a thing of the past! This radiator also comes with an amazing 20 year manufacturer's guarantee against faulty design, material or workmanship.
