

DIAMOND is part of the Accuro-Korle range of radiators, brought to you by ASAL UK Limited.

An exceptionally striking design, Diamond is so named for obvious reasons! Being wall mounted only, Diamond is particularly suited to situations where floor space is restricted and/or to make an artistic statement in the space it occupies.

Finished in beautiful stainless steel; a material which retains heat more efficiently than chrome or cast iron. This revolutionary material also means that rust, both inside and outside the radiator is a thing of the past! This radiator also comes with an amazing 20 year manufacturer's guarantee against faulty design, material or workmanship.
