

ELAN is part of the Accuro-Korle range of radiators, brought to you by ASAL UK Limited.

Extensive research and engineering expertise have enabled us to perfect a superior heating principle to achieve ultimate heat output coupled with considerable energy saving. The Elan incorporates a revolutionary heat optimisation concept, featuring double walls in the upright sections, the inner wall carrying hot water around the radiator and the outer wall creating greater surface area to generate maximum heat output.

Finished in beautiful stainless steel; a material which retains heat more efficiently than chrome or cast iron. This revolutionary material also means that rust, both inside and outside the radiator is a thing of the past! This radiator also comes with an amazing 20 year manufacturer's guarantee against faulty design, material or workmanship.

**ELAN**

<b>QUICK CHECK LIST</b>	Brushed Stainless Steel Construction	
	20 Year Manufacturer Guarantee	
	Brackets & Wall fixings supplied	
	Air vent supplied	
	Free Nationwide Delivery
