

E_TYPE is part of the Accuro-Korle range of radiators, brought to you by ASAL UK Limited.

E-TYPE

The ultimate showpiece of the accuro-korle collection is our E-type, a bold style statement designed to be wall mounted to provide a focal point within a contemporary setting. A geometrical wall sculpture with brushed stainless steel finish - this is a true piece of art. The E-type breaks with convention to prove that radiators are no longer functional plain utility devices to be hidden from view.

Finished in beautiful stainless steel; a material which retains heat more efficiently than chrome or cast iron. This revolutionary material also means that rust, both inside and outside the radiator is a thing of the past! This radiator also comes with an amazing 20 year manufacturer's guarantee against faulty design, material or workmanship.
