

GLASS RADIATOR
CLEAR

The clear glass radiator is a true masterpiece. It is an award winning combination of superior heating properties and clear design aesthetics.

These leading edge products are manufactured in Germany using only the highest quality materials. With our insight into the needs of interior designers, specifiers and architects alike, we are confident these products will complement any residential or office design concept.

The Glass Radiators can be specified with options of being wall or floor mounted (fixed or mobile floor mounts can be chosen). You can also choose a matching towel rail, and even a fully Remote Controlled thermostatic version... the possibilities are endless...
