

**GRAND  
CENTURION**

GRAND CENTURION is part of the Accuro-Korle range of radiators, brought to you by ASAL UK Limited.

An imposing presence that takes the towel rail to another level! Grand Centurion is finely defined, using a cylindrical slim-tube design. Available in two sizes, it is your choice whether you use it as a radiator, towel rail, or both! It can also be used wall mounted or free standing- the choice is yours!

Finished in beautiful stainless steel; a material which retains heat more efficiently than chrome or cast iron. This revolutionary material also means that rust, both inside and outside the radiator is a thing of the past! This radiator also comes with an amazing 20 year manufacturer's guarantee against faulty design, material or workmanship.
