

HERMES is part of the Accuro-Korle range of radiators, brought to you by ASAL UK Limited.

The shape of Hermes is redolent of a traditional radiator, whilst remaining chic and contemporary. A benchmark in minimalist design work, contrasting bars of three sizes add flair to the piece. It can also be wall mounted, or free standing – the choice is yours!

Finished in beautiful stainless steel; a material which retains heat more efficiently than chrome or cast iron. This revolutionary material also means that rust, both inside and outside the radiator is a thing of the past! This radiator also comes with an amazing 20 year manufacturer's guarantee against faulty design, material or workmanship.
