

REFLECTION

REFLECTION is part of the Accuro-Korle range of radiators, brought to you by ASAL UK Limited.

Reflection is made to exacting standards. Whilst being a simple geometric design it would look equally at home in a traditional or contemporary setting.

Finished in beautiful stainless steel; a material which retains heat more efficiently than chrome or cast iron. This revolutionary material also means that rust, both inside and outside the radiator is a thing of the past! This radiator also comes with an amazing 20 year manufacturer's guarantee against faulty design, material or workmanship.
