

CAPTIVA is part of the Accuro-Korle range of radiators, brought to you by ASAL UK Limited.

An understated trend-setting designer radiator for the space conscious, the flat-panelled Zephyr can be installed vertically or horizontally. Its brushed steel finish features most effectively within modern stylised interiors and can be adapted to enhance the most restrictive room lay-outs and wall spaces.

Finished in beautiful stainless steel; a material which retains heat more efficiently than chrome or cast iron. This revolutionary material also means that rust, both inside and outside the radiator is a thing of the past! This radiator also comes with an amazing 20 year manufacturer's guarantee against faulty design, material or workmanship.
